Parks Trails and Recreation AGENDA MEMO

DATE: 11.04.2020	AGENDA NO 1.	SUBJECT: PRT Budget
Presented by: John "Goody" Goodwin		

The new Green Mountain Falls Parks, Recreation and Trails Advisory Board, which will implement various programs within the Town limits and trails that it maintains will need to have a limited approved budget from the GMF BoT. The PRT needs to review the current budget and allocate resources.

Parks Trails and Recreation AGENDA MEMO

DATE: 11.04.2020	AGENDA NO 2	SUBJECT: PRT Project list
Presented by: John "Goody" Goodwin		

During the September 17, 2020 PRT meeting it was discussed that a list of projects the PRT needs to address needs to be created. Messrs. Strope and Gafford are heading this project. A discussion of the project list needs to be had in order to ensure list completion as well as prioritization of projects.

A PRT Project list will allow the PRT to assign a person in charge of each project. This person will keep the PRT updated on the status of the project as well as requesting and tracking funds required for the project.

The Secretary will maintain the list to ensure that the list is maintained annually to allow the PRT to report back to the Mayor and Board of Trustees. This list will also allow the PRT to go before the Board of Trustees to request annual funding or use for grant funding requests.

Parks Trails and Recreation AGENDA MEMO

DATE: 11.04.2020	AGENDA NO 3	SUBJECT: Trail Maps
Presented by: John "Goody" Goodwin		

Due to ongoing issues the current GMF Trail maps are out of date. It has been brought to the PRT's attention that something needs to be done with the current maps. The Chairman would like to reduce the distribution of the current maps to ensure hikers still can find their way, but concurrently establish a subcommittee to address the errors in the current maps, rectify the errors, update and/or confirm the other trails, print and distribute the new maps to the public.

Additionally this subcommittee should attempt to address trail map errors/disputes with social media apps such as AllTrails, Topo Maps, Hiking Project, etc. to ensure that as many trail resources are accurate to keep hikers safe, reduce flora/fauna disruption, maintain private property rights.

Parks Trails and Recreation AGENDA MEMO

DATE: 11.04.2020	AGENDA NO 4.	SUBJECT: Hiker Code of Conduct
Presented by: John "Goody" Goodwin		

Mr. Jesse Stroope presented a Hiker Code of Conduct that he received from Mr. Blasi. A Hiker Code of Conduct is important to share on maps and local signage to better educate and reinforce positive hiking etiquette to ensure a positive experience for ALL hikers. (included as a separate document to be added to maps and signage)

Original version:
