DATE

TITLE: _____

MUNICIPAL CODE CHAPTER 11, SECTION 41

A fee of four (\$4.00) dollars times the calculation (listed below) shall be paid to the Town prior to the issuance of excavation permits for **paved** streets.

A fee of three (\$3.00) dollars times the calculation (listed below) shall be paid to the Town prior to the issuance of excavation permits for **unpaved** streets.

A minimum fee of \$25.00 is charged for cuts under 10 square yards. To figure the square yards use the following:

LENGTH (in feet) X WIDTH (in feet) X DEPTH (in feet) / by 9, X \$3.00 or \$4.00 (accordingly)

****For example, for a dig site that is 4 feet long, 4 feet wide, and 4 feet deep it would be:

4X4X4/9=7.1 sq yds X \$4 for a paved street = \$28.44, X3 for an unpaved street= \$21.33
