Chair Stroope welcomed Trustee Walker as the PRTAC liaison to the Board of Trustees.

- a. UTAP students presented the four new Pool Park schemes they have designed incorporating the feedback from the first public forum. Their schemes have been available at a Greenbox Block Party and will be available at Bronc Day also. There were 250 participants who left feedback at the Greenbox event. These two events are considered public engagement for this project.
- b. Town Manager Frank presented a GOCO grant application for dead tree mitigation and new trail construction. The grant is due August 14th and TM Frank was wanting PRT's input. **Kita will contact Manitou Cats to see what materials are needed to build a**

multi-modal trail. The reroute of the American Discovery Trail (ADT) will be a multi-phase project. PRTAC members decided to make this a Work Session to be held on Wednesday, August 31st at 3pm. **TM Frank will email the grant information to PRTAC members.**

- c. Dixon showed PRTAC members the sign that CSU has posted at the Catamount Trailhead. This sign is confusing hikers as they think Catamount Trail is closed. Dixon moved to recommend to town staff to remove the CSU sign. Hains seconded. Motion passed - 5/0. **Dixon will write an advice memo to Town Staff.**
- d. PRTAC has been asked to research options for the compost bathrooms at Gazebo Park. **This item has been tabled until the next meeting so members can research solutions.**

7. REPORTS

CDBG grant for the reroute of the ADT was not awarded. Will reapply next grant cycle.

Chair Stroope reported that Aspen Landscaping has given a quote for hydroseeding Hotel Park. Project is still waiting on CSU to provide water to the area. TM Frank confirmed that the expense to prespray, pretreat and hydroseed has been approved. There are landscaping materials staged behind town hall that can be used. Friends president, Blasi, is working on a trails plan for Hotel Park.

Adopt-a-Park for the painting of the Ute Pass Ave barricades had a \$5000 quote to prepare the barricades for painting. TM Frank said that Kelley, PW, could do the work but due to the workload of PW, it will be awhile.

Dixon went to a CML session on pickleball and gave a report. The average age is 35 and the most participants are in the age group of 25-34. Pickleball is growing in popularity. The problem is noise. It is an impulse vs a continuous noise which has been proven to affect the nervous system. Through a scientific study, the following distances have been recommended from court to a residential area: 600' and greater - no noise abatement needed, 350-599' - noise abatement needed, 100' - not recommended or court should be indoors.

9. ADJOURNMENT at 4:20pm.
