FREE Teller County 2022 CHIPPING PROGRAM

Protect Your Home from Wildfire

Teller County and local Fire Departments are helping residents and property owners **create defensible space** by providing free chipping of tree branches. If you clear woody vegetation from around your home and stack it at the edge of the roadway, we'll chip it at no cost. Logs greater than 6 inches in diameter may be donated to local firewood programs. Cash donations accepted.

MATERIALS GUIDELINES

Accepted materials include trees, logs and branches up to 6 inches in diameter, free of nails and wire. The following restrictions apply:

- No Willows: Willows help to slow the spread of fire, because they have high moisture content. Willows are also very fibrous, so they clog our chipping equipment.
- No cottonwood. Cottonwoods are important native trees that stabilize stream banks, take up storm water and serve as riparian wildlife habitat.
- No construction or building materials, treated lumber, fence posts or signs.
- No shrubs, root wads, stumps, dirt or rocks; these items clog and damage our chipping equipment.
- No grass clippings, trash, weeds, or bags of leaves.

PILE GUIDELINES

Piles must be stacked prior to your neighborhood's designated chipping week (see reverse for schedule). Call your local fire department to get on the schedule so that our chipping crews can plan their routes for that week. Chipping will take place Saturday through Friday of your neighborhood's designated chipping weeks. Improperly stacked piles may not be identified or collected.

- Stack piles neatly (no bags), with the large cut ends of branches facing the road.
(see photos below)
- **Place piles within 5 feet of the roadway, but not touching the road.**
- Maximum pile size is 5'X5'X5'. There is no limit on the number of piles that you may put out.
- After crews remove your pile, clear away any remaining branches, needles and debris.
- Do not combine piles with neighbors or place piles in other neighborhoods.

PROPERLY STACKED PILE

CHIPPING PROGRAM

Green Mountain Falls/Chipita Park Schedule

Green Mountain Falls & Chipita Park

Saturday, September 24th & Sunday September 25th

Residents may register by emailing name and address
to chippersignup@gmail.com no later than
Monday September 19th, 2022

**Piles MUST be appropriately stacked
according to the guidelines on the front of this flyer.
For the safety of our Firefighters and equipment,
innappropriate piles or materials
will not be chipped.**

***Chipped material will be dispersed back onto the property,
or at your request can be piled.**

Disposal of piled chips will be the responsibility of the property owner.

**Residents of Teller County who live outside of the GMF/Chipita Park Fire Protection District
are encouraged to reach out to their local department to find out when their local chipping dates are.**

DEFENSIBLE SPACE

Defensible space is an area around a home where trees and other flammable vegetation are cleared or reduced to slow the spread of wildfire toward a building. Defensible space creates a safe zone for firefighters to carry out their work, and it reduces the chance that a structure fire will move to the surrounding forest. Every home in Teller County should have defensible space. Check with your local fire department to see if free defensible space assessments of your property are available in your area.
